

# Ahoy there pirates!

This term in Rubies class we are designing and making a toy pirate boat for a 7 year old pirate. If you have any of the following materials you could donate towards our shipbuilding effort we would be really grateful.

- Plastic bottles (1 litre or less, e.g. milk or fizzy drink bottles)
- Kitchen foil (roll)
- Clingfilm (roll)
- Bubble wrap
- Cardboard
- Wood (thick, smooth pieces of balsa or pine suitable for making the base of a boat)

We promise to send you pictures of our amazing boats when they are finished!

**Please bring anything you have in by**

**Monday 11<sup>th</sup> May**

Thank you!
