

All Saints Primary School

Maths Morning

Dear Parents / Carers,

On **Monday 9th February**, All Saints are having a **whole school maths morning**.

In preparation for this, I would like the children to answer the questions:

“What does maths mean to you?” and “What does DOING MATHS mean?”

Additionally, can you go on a maths hunt in your homes or local area and take a photo of MATHS! You can email this to the office (office@bishopscaundle.dorset.sch.uk), or bring the photos in on a disc or digi stick. Here are some examples.

I am looking forward to seeing and hearing the children's ideas next week.

Many thanks

Amanda Kellaway
